

Extra-curricular and enrichment opportunities

In 2013, our school has started a partnership with le Collège François Mitterrand, through e-twinning. Since then, we have been in permanent contact and have organised many projects over the years, such as exchanging letters with pen pals, making videos about our school or introducing our town/region. In June 2018, Dr Uttley and Mrs Hargreaves, along with a group of students, had the opportunity to visit the school in Créon, near Bordeaux. Our students stayed in French families from the school and this was an unforgettable experience for them. In June 2019, 30 French students came to visit us and stayed in our students' families. In 2021-2022, year 7 have taken part in projects with French pupils of the school in Créon. We aim to continue to strengthen our partnership with 'Le Collège François Mitterrand' this year.

For more information on the international aspects and projects taking place in our school, please refer to the section 'International School' on the school website.

Some examples of letters written by our Year 7 students this year:
